Record audiences – Record Guests – Record Films – Record Prize Money:

We're overjoyed that so many Berlin short film fans filled the interfilm cinemas, thanks for coming! Last years audience tally of 13,000 was beaten by a large margin, as was the number of international guests.

Films were discussed and cheered, programs, parties and special events were celebrated, and the festival atmosphere was fantastic. 550 films from 55 countries were screened in 16 competition programs and 50 special programs on eight different screens. Prizes were awarded with a total value of € 43.000.
