What is the main difference, do you think, in the role of a young mother and a young father?

We can go out and do things and they just have to stay at home.

Because we have to not drink and not smoke, not socialise and be careful.

I feel like in society mothers are seen to have more of a role in the baby's life than the father. So like say a mother had the baby...

They're more important.

That's it, that was them. So, you are going to get your babies!

I don't know, is that how you do it?

Yeah, you rub...

I don't know how to do it! Fuck! What do I do now?

Rub her round like that.

I am!

She's so good.

She's the best.

I'd babysit for her any day.

I feel like it's different for Mam's who are younger, who aren't ready to have a kid. I feel like they might be more scared than...

Absolutely!

...people who have planned it.

Yeah.

So do you think I'd make a good mum?

Yeah, I do think you'd make a good mum. When you're in your late twenties! But you would need to learn a bit more patience. But that will come with maturity. You can't fly off the handle.

Nobody's perfect mum!

Are you tired love?

I'm so tired! You don't realise how tiring it is...

I do!

Well obviously...you do, because you've had a baby...

I do!

I would never be able to share a room with somebody.

But you're not having one anyway, so it doesn't matter.

Oh no.

You spoke too soon.

I know.

Do you want me to do your make-up for you?

No. Is Abby wearing...can you ask Abby is she wearing make-up? Like a good bit of make-up.

You have to put your baby first. If someone has time to do a full face of make-up, the baby must be just sitting there. Like you don't have...look you're halfway through and you don't have time.

I know.

That's it! Part and parcel, Chloe! Anyway, you look way more relaxed than you did yesterday.

Yeah, cos I didn't know how to do it yesterday.

I know. I would not be able for it like.

He would wake up, still now, every two hours during the night.

Oh my god!

He won't sleep through the night. He never sleeps through the night - I think he has once in his whole life

Yeah, me and Chloe brought our babies for a walk yesterday and everybody was looking at us really strange.

Were they?

I'd say they were so confused.

Yeah. Did you feel like that when you were pregnant?

Yeah, people constantly judged me when I was pregnant. People would literally stop and stare at me.

What was it like when you came out as pregnant? Were you scared?

I was scared at the start, because you kind of don't know what you are getting yourself in for. It's mad. He's very heavy.

Hey! Oh, come for a cuddle!

Can I hold the doll?

Course.

Oh my god! It's neck, it's like a real babies neck. Oh my god, it's like a proper baby's neck.

I know.

That's so strange. Do you want me to take him? He's really heavy.

He's so heavy! You're a big boy aren't you!

Do you want to get down? We'll put your shoes on.

Right girls, I'm going to leave you to it.

See you later! Bye.

Even when I'm trying to do my make-up, I'm just sitting there and then I'm waiting for the baby to be hungry so I can feed it.

Imagine you had a baby, you wouldn't be able to...there would be no lying on your own Mam, the baby would be lying on you.

You would be mam, like.

Yeah, you'd be the mam.

You'd be mother!

Yeah, imagine being the mam like.

The roles just...every single role changes.

There's no being cosy with your own mam... well in your free time like, but not as much.

You actually have so much responsibility.

Like I'm seventeen and I still need my mam to make my lunch and wash my clothes and all that and do the little things like that. Even make my bed sometimes. I'm just like – mam will you just do that.

I've actually never appreciated my mam and dad until now.
Well obviously I've appreciated, but like...

Last night, I was like – mam... I've never needed so much help.

Like you're not just taking care of yourself now, you actually have a baby.

I didn't think these babies would be like this.

Yeah...real.

It's made us really think about everything.

Yeah.

Aww look! It's just chillin'.

Oh, I hate that side of my face.
